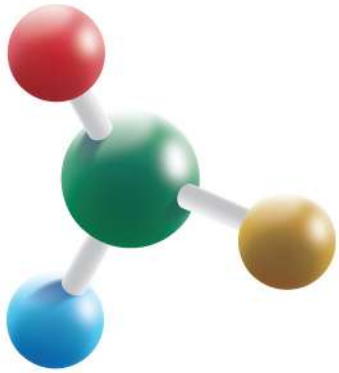
About Plastics & Rubber Indonesia



Plastics & Rubber Indonesia unites the entire industry value chain on one comprehensive platform, connecting raw materials to finished products through four interconnected shows: **Plaspak Indonesia, Mould & Die Indonesia, Plastic Recycling Indonesia, and Plastic Material & Chemical.**

This comprehensive approach serves manufacturers sourcing raw materials, technology providers showcasing machinery innovations, sustainability advocates exploring eco-friendly solutions, and businesses displaying finished products. By connecting upstream chemical suppliers to downstream application specialists, the event creates a dynamic ecosystem where participants can engage across multiple production stages, generating unprecedented networking and business development opportunities.

About ProPak Indonesia 2025

ProPak Indonesia is the country's leading international trade event dedicated to the processing and packaging industry. This annual exhibition takes place on 19–22 November 2025 at JIEXPO Kemayoran, Jakarta, bringing together industry players from across Indonesia and abroad.

ProPak Indonesia 2025 is co-located with the 36th edition of Plastic & Rubber Indonesia, creating a more comprehensive and synergistic platform for industry professionals

ONSITE PROGRAMMES PRI & PROPAK INDONESIA

Business Matching — Hall C1

A curated program designed to connect exhibitors and visitors with aligned business interests that will guarantee to save time and effort while fostering meaningful collaborations and potential partnerships.

Sustainability & Packaging Clinic — Hall C1

In collaboration with IPF, ADUPI, CSWM UI, and Kasakata, the Sustainability & Packaging Clinic offers free 1-on-1 consultation services to help businesses navigate their sustainability and packaging challenges.

Student Packaging Design Competition — Hall C1

Discover the next generation of packaging innovators as students showcase creative, future-ready packaging concepts that can inspire the industry to think differently and act sustainably.

Seminars & Talkshows — Hall C1

Join thought-provoking discussions covering industry trends, technological advancements, regulatory updates, and market insights. The topics are all crafted to inspire, educate, and drive innovation across the sector.

Product Demos

Experience live demonstrations from exhibitors showcasing their latest products, machinery, and processing technologies in action that will bring innovation to life right on the exhibition floor.

POD CEZ — Hall C1

The platform gives industry experts, startups, researchers, and exhibitors a space to share insights and discuss sustainability topics in an engaging, conversational format that makes complex environmental concepts easier to understand for visitors.

Green & Sustainability Innovation Recognition — Hall C1

The Green & Sustainability Innovation Recognition aims to give honors to Plastics & Rubber Indonesia exhibitors who are driving transformative change in our industry through groundbreaking sustainable practices and innovative solutions.

Smart Localization — Hall C1

In collaboration with IMAJIN, we provide a one-stop digital platform for manufacturing, aimed at helping Plastics & Rubber Indonesia participants drive industry self-reliance through local collaboration and digitalization.

Waste to Art — Hall C1

Waste to Art aims to promote creativity and sustainability by transforming waste materials into stunning artworks. This program highlights the innovative ways to repurpose plastic waste, showcasing the potential for artistic expression while promoting environmental awareness.

Sustainable Events

SUSTAINABILITY IS US! We know sustainability is increasingly important to our attendees and exhibitors, as well as to our market as a whole. Running an exhibition gives us lots of opportunities to improve our impacts environmentally, socially, and economically in our host cities. We want to make our event more responsible and play a role in helping our markets improve its own sustainability through connecting people with the networks and knowledge they want to help solve the big challenges in our sector.

STAY HYDRATED, STAY GREEN
